Press Release

With great excitement, we announce that the following companies within Marmon Electrical are now unified under the brand of Marmon Industrial Energy & Infrastructure:

- RSCC Wire & Cable, LLC East Granby, CT
- Comtran Corporation Attleboro, MA
- Harbour Industries Canada Farnham, QC
- Dekoran Unitherm, LLC Cape Coral, FL
- Dekoran Wire & Cable Mt. Pleasant, TX
- Kerite (Pump Cable Division) Seymour, CT

Marmon Holdings, A Berkshire Hathaway company, comprises 11 major business groups ranging from medical care, food services to heavy industry, transportation, components, and more. Marmon Electrical was developed to support energy exploration, production, and supply by designing and manufacturing innovative specialized wire and cable products and services. Within Marmon Electrical, the organization of Marmon IEI unites six entities; their historical innovations, industry technologies, and their most valuable resource: their people. Industry experts in engineered design solutions and manufacture of high-performance wire, cable, pre-insulated, and traced tubing products installed worldwide in some of the harshest environments.

“An enhanced customer journey is the goal of unifying these companies, products, and resources together,” (Chris Venice; President of Marmon IEI) With integrated systems, we are now a single, robust resource for existing and new customers.
